

BOER WOMEN WILL TAKE UP ARMS

Form a Corps and Are Ready to March to the Front.

TO FIGHT FOR LIBERTY

Roberts Makes Another Jump of Thirty-Eight Miles Near the Boer Capital.

BRITISH CROSS ZAND RIVER

Pretoria, May 10.—[Special Cablegram]—President Kruger has received a message from the woman burghers asking if the time has arrived to form a corps. They are prepared with a body of women volunteers to take up arms.

Saturday every able bodied burgher of Pretoria was summoned by the government and told that the British were approaching the border and all were needed. The women volunteers at once came forward for the front at a moment's notice.

Another Jump Toward Pretoria.

London, May, 10.—[Special Telegram]—Gen. Roberts with his main force has crossed the Zand river—meaning another jump of 38 miles toward Pretoria. He cables the war office from "Cable cart headquarters at the front, May 10th," to that effect.

The enemy is still holding a strong position but the British are gradually pushing them back. Roberts also reports under Wednesday's date that he has received a very cheering telegram from Powell sent April twenty-seventh.

Boers in Full Retreat

London, May 10.—[Special Cablegram]—General Roberts again cables from Cable cart as follows: "The enemy is in full retreat. They occupied a position twenty miles in length and our's was necessarily longer. It will take some time to learn the extent of the casualties. The cavalry and horse artillery are pursuing the Boers on three roads."

SLOW WORK ON THE WARSHIP WISCONSIN

Ship is But Two Per Cent Completed and it Will Take Three Years Longer.

Washington, May 10.—Naval authorities are generally dissatisfied with the lack of progress made on the Wisconsin at the Newport News shipyard. The contract called for the completion of the vessel by June, 1901.

The ship is but 2 per cent completed, and it will be at least three years before it is ready for its official trial.

Some weeks ago, in anticipation of the delay, the navy department reminded the contractors of the provisions of their contract, and urged them to use their facilities in finishing the ship with in a reasonable time.

The contract was made on what is known as emergency conditions, and the ship was to be completed six months earlier than such work is ordinarily done.

The contractors, however, have had a great deal of other work on hand, and the naval officers say they have neglected the government work, trusting to the leniency of the officials and the liberality of congress to relieve them from any of the time penalties.

Rock River Assembly

Dixon, Ill., May 10.—[Special]—The Rock River Assembly has secured the services of the Rockford Choral Union for Auditorium Day, July 31st. The Union consists of two hundred voices with an orchestra of twenty-five pieces and is one of the finest musical organizations in the country. A special train over the Illinois Central railroad from Rockford will arrive in Dixon about 11 a. m. and return after the evening concert. Booker T. Washington will speak Aug. 2nd, Mrs. Maude Ballington Booth Aug. 4th, John De Witt Miller, Aug. 6-7th, S. Parks Cadman, August 9-10th, Father Thomas P. Hodnett, Aug. 14th, Congressman J. P. Dolliver, Aug. 15th. Many other noted speakers will be present making this one of the strongest programs given by the management of this popular Assembly.

A golf course of nine links, covering one and a half to two miles, is being prepared. It is a movement in the right direction. Nothing could add more to the recreative element of the Assembly than the health-giving golf. Lovers of the game are forming a club in Dixon and are anxiously awaiting the completion of the course.

Khedive May Visit America.

London, May 10.—The Cairo correspondent of the Daily Mail says: "The khedive, when giving an audience to an American, expressed the hope that he might be able to visit the United States in 1901."

MORAN - HERBERT MARRIAGE

Well Known Beloit Young People Spliced at Rockford Today

Beloit, Wis., May 10.—[Special]—John Moran and Miss Tillie Herbert went to Rockford, Ill., this morning where they will be united in marriage. James Goodwin of this city will act as best man and Miss Annie Conlon will be the bridesmaid. Miss Herbert is a resident of Delavan, but has made Beloit her home for some time past and is well known and highly respected. Mr. Moran is a moulder at Fairbanks, Morse and Co's. plant and has always lived here and has a host of warm friends in this city who wish him and his bride great success. The wedding party will return to Beloit tonight and will go to their newly furnished home on Tenth street where they will be at home to their friends after May 16th.

C. L. Sherwood, senior, died last night at his home southeast of the city. He was 90 years old and had been a resident of this vicinity for many years.

BUT FEW WOMEN APPLICANTS

In All Cases But Three Men Have Applied For Marriage Licenses.

Of the three hundred odd marriage license certificates granted by County Clerk Starr since the marriage law went into effect, but three of the applicants have been women. In nearly every case the certificate has been applied for by a man. The latest woman applicant applied last Tuesday in the person of Mrs. Maggie Wilcox of Beloit, who was granted a marriage license to wed Eugene Nissler, also of Beloit.

TO KNEEL IN PRAYER IS NOT NECESSARY

CEASES TO BE AN EXACTION OF METHODIST CHURCH.

General Conference Refuses to Require Attitude—Would Have to Rebuild Churches, Argued a Delegate—Church Extension Board—Two Bishops for India.

Chicago, May 10.—Kneeling as the attitude in prayer, has ceased to be an exaction in the Methodist church. The Book of Discipline recognizes the bending of the knee, but the city churches have gradually been drifting into the more unconventional bowing of the head. The custom of Wesley prevails for the most part only in the country.

Delegate Tindall of Nebraska, is a believer in the devout kneeling form, and today sought to correct the tendency of the latter day Methodists in departing from the ancient custom by introducing a resolution in the general conference emphasizing the direction in the discipline. The conference refused to declare "We are as much as ever in favor of observing" the kneeling attitude.

The effective argument was presented by a city minister who said: "We would have to rebuild our churches. Few space is too contracted to permit of kneeling."

The Nebraska preacher rose to urge adoption of his views, but the conference clamored for a vote, and the more easy leaning of the body toward the back of the pew in front was approved.

Church Extension Board.

At the anniversary of the Board of Church Extensions of the Methodist Episcopal Church at the Studebaker last night Bishop McCabe, who presided and delivered the opening address, stated that the extension organizations had helped to build nearly 11,000 churches, with an aggregate seating capacity of 3,000,000 people, and of a total value of at least \$15,000,000. The loan fund has now \$1,600,000 capital. The Methodists, he said, are now building four new churches every year.

Bishop Thoburn's Announcement.

Bishop James M. Thoburn, Missionary Bishop to India, will make a report to the conference this morning, in which he will recommend the appointment of two Missionary Bishops to India. He also will state that his health will not permit of his return and will ask that he be assigned to the work of raising the evangelization army of 100,000, which he has proposed.

Meeting of Laymen Called.

A meeting of the laymen will be held in the Wabash Avenue church, on Saturday night. It is supposed to be for the organization of the laymen with reference to the elections. The laymen are new in the ways of the general conference. In the recent vote on the organic law they were much at sea and did not work together.

UNCLE SAM TO BE EUROPE'S BANKER

This Country Has Now Become the Great Creditor Nation—Great Stores of Gold.

Berlin, May 10.—The Boersen Courier asks and answers why the United States ships gold to Europe when Europe owes America \$421,000,000 for the excess of imports over exports to America during the nine months ending March 31. Conceding that the interest on European capital invested in American loans and allowing liberally for the money American tourists spend every year in Europe, the Courier is forced to the conclusion that America has developed permanently from a borrowing to a loaning country. With \$460,000,000 in its treasury and banks, the Courier regards America well equipped for the position of Europe's banker.

ENGINEERS WERE WARMLY GREETED

MILWAUKEE GIVES THE BROTHERHOOD WELCOME.

Grand Chief Arthur Delivers an Address Filled With Sound Advice to These Skilled Sons of Industry—Visitors Are Entertained at the Deutscher Club.

Milwaukee, May 10.—It is estimated that between 1,800 and 2,000 persons attended the reception given to the Brotherhood of Locomotive Engineers and the Grand International auxiliary, or women's branch of the order at the Deutscher club last evening.

It was a notable gathering and included among its members nearly 500 delegates who are attending the Brotherhood convention, nearly 200 wives of the members who are attending the meetings of the auxiliary as delegates, and several hundred other locomotive engineers and their wives who are in the city as visitors.

Many Delegates at First Session

One thing is certain it is many years since the grand chief has had an opportunity of calling to order so numerous a throng of delegates on the opening day of the convention, as confronted P. M. Arthur when he delivered his address at the West Side Turn hall yesterday.

Arthur's Conservative Address

Occupying the position of prime interest, among the subjects brought before the first day's session, was the address of Grand Chief P. M. Arthur, delivered in the afternoon. The address teemed with sage advice and conservative counsel, covering a wide range of activity, from the welfare of the Brotherhood as a whole to the subject of personal morals.

Chief Arthur's advanced age and his twenty-six years of service at the head of the order filled with faithful endeavor in behalf of the engineers and their families, have won for him a place among the men of the brotherhood of continued esteem and veneration. His address was like the kindly counsel of a father to his children and in that spirit was accepted. It created a profound impression, as the comment heard among the delegates after the session was one plainly indicated.

Prosperity of the Brotherhood

The prosperity of the brotherhood was shown in the report and warm praise was accorded the auxiliaries and supplemental features for their assistance. The honorable past of the brotherhood, an organization that has grown to a strength of 33,000 from humble beginnings, was touched on, and the insurance feature was commended. There was a noticeably conservative reference to strikes.

A forceful recommendation for the employment of arbitration wherever possible was made, and harmonious relations between capital and labor were urged. The lives of certain great princes of fortune and industry were pointed to as containing a lesson for young men, promises of high position for those who availed themselves of their opportunities.

SECOND NOTE IS SENT TO TURKEY

United States Renews Its Demands Upon the Porte—Claim Must be Settled at Once.

Frankfort-on-the-Main, May 10.—The Frankfort Zeitung's correspondent wires that paper today as follows:

"The United States charge d'affaires, Lloyd Griscom, today handed to the Porte a second energetic note demanding the speedy settlement of all American claims. According to trustworthy information the United States will deliver an ultimatum only when it becomes apparent that the Porte intends persisting in its present dilatory tactics."

WOMAN DIES AGED 110 YEARS

Mrs. Sarah Goff Who is Said to Have Seen George Washington.

Rushville, Ind., May 10.—Mrs. Sarah Goff, colored, the oldest woman in Indiana, is dead at her home in Fayette county, at the advanced age of 110. She was born in Virginia and took great pride in the fact that she had seen President George Washington. She was then nine years old and was with her mistress in Washington. Mrs. Goff was a slave until 1842 when her master set her at liberty. Her mental powers were unimpaired to the last.

Iowa Delegates at Large

Des Moines, May 10.—[Special Telegram]—The republican state convention today named Governor Shaw, Geo. H. French of Davenport, Dr. E. H. Smith of Cedar Rapids, and LaFayette Young of Des Moines, as delegates-at-large to Philadelphia. The platform endorses McKinley.

Archbishop Keane Confident

Milwaukee, May 10.—Archbishop Keane, who has been in Milwaukee for a few days presenting the claims of the Catholic University at Washington left last night for Sioux Falls, Iowa. Before leaving the archbishop said that of the \$1,000,000 needed he had already secured \$800,000 and felt confident the balance would be forthcoming in the two years allowed him to complete the fund.

WHARTON BARKER AND IG. DONNELLY

MIDDLE OF THE ROAD POPS NOMINATE A TICKET.

At Cincinnati This Afternoon Barker Was Named for President and Donnelly for Vice President—The Platform Contains All So-Called Political Reforms.

Cincinnati, May 10.—[Special Telegram]—The middle of the road populists resumed their session at 8:30 this morning. Nominating speeches were limited to ten minutes. A plan of party organizations was adopted. The platform reaffirms Omaha; platform demands initiative and referendum; public ownership of railroads, telegraph, telephone, coal mines, etc.; it declares that a scientific and absolute paper money based upon the entire wealth and population of a nation issued by the government without the intervention of the banks, is the best currency, but in the meantime favors free coinage; favors an income tax and the election of president and vice president, federal judges and senators by a direct vote of the people.

Nominations being in order Wharton Barker was named by Gen. Phillips of Georgia; Ignatius Donnelly by Judge

IGNATIUS DONNELLY.

Williams of Indiana; and Joe Howard by Prof. Bryce of Colorado.

Howard then withdrew in the interest of harmony. It is alleged the Barker followers threatened to bolt if he was nominated. The first ballot resulted as follows: Barker 314; Donnelly 70; Howard 325; Norton 3. No nomination. Donnelly's name was then withdrawn, and on the second ballot Barker was nominated for president, and Donnelly for vice president.

CORNER STONE OF CARNIVAL COLUMN

Shaft Will Be Dedicated On the Opening Day of the Carnival By Rex in Person.

Milwaukee, May 10.—The corner stone of the carnival column was laid this morning by the board of carnival directors with little ceremony. The copper box enclosed in the stone contained copies of the daily papers, the state blue book; the city charter and other things. As soon as the box was in place the stone was lowered and cemented in place and the work was over. The column which will surmount the base will be of elstic limestone, which becomes harder the longer it is exposed to the air. The shaft will be dedicated on the opening day of the carnival by Rex in person.

BULLETS TO FOLLOW ANY MORE RIOTS

Police of St. Louis Have Been Armed With Rifles and Strikers are Fairly Warned.

St. Louis, May 10.—[Special Telegram]—The strike situation today is quiet. One thousand rifles and ammunition were imported from Jefferson City and the chief of police has given out warning that further disturbances will be followed by bullets fired by the police.

BRYAN WILL BE NOMINATED

Edward C. Wall Says That He Will Support the Nebraskan.

Milwaukee, May 10.—E. C. Wall, the member of the Democratic national committee from this state, in a signed statement published yesterday, says that Mr. Bryan will be nominated at Kansas City at the almost unanimous demand of the rank and file of the Democracy and the platform will coincide with Mr. Bryan's views and one that he can endorse in every particular. Mr. Wall expects, therefore that the platform of 1896 will be adopted with additions in the shape of declarations on imperialism and trusts, but the old platform will certainly be reaffirmed. The statement is opportune, as Mr. Wall's friends wish his reelection as national committeeman from this state and his enemies have insisted that he was not in line with the Bryan Democracy.

JOKE IN SOFT-NOSED SHELLS

Senate Secret Sessions Now Known to Have Been Uncalled For.

Washington, May 10.—The joke is believed to be on the senate. Its executive sessions over the so-called deadly shell with the soft nose are now known to have been uncalled for, inasmuch as the secret is generally known and the story of experiments with this shell is nearly five years old.

Some of these soft-nosed shells were used in the war with Spain, but experts agree that they are seldom effective. At Indian Head perhaps and at short range the soft-nosed shell is capable of much damage to Krupp and Harvey armor plate.

The action of the senate yesterday in going into executive session on account of the secret of this shell has caused some merriment in certain quarters. Now that the matter has been looked into there is no likelihood of any further secret session; on soft-nosed shells.

SPREAD OF BUBONIC PLAGUE

Disease Increasing Rapidly at the Many Infected Points.

London, May 10.—The Daily Express publishes this morning a series of telegrams which illustrate the alarming spread of the bubonic plague, which is ravishing the shores of the Red Sea and is rapidly increasing at Hong Kong, where there have been sixty-five cases in twenty days and it is spreading into additional towns in Australia.

CUSTOMS DISTRICTS IN BADGER STATE

Senator Spooner Introduces a Bill Making Some Important Changes in the Wisconsin Divisions.

Washington, D. C., May 10.—Senator Spooner has advanced a plan for improving the situation in Wisconsin with respect to customs districts whereby the statistics of imports from all ports in the state may be collected within a Wisconsin district except at the port of La Crosse.

Mr. Spooner today introduced a bill providing that the ports of entry and delivery in the state shall be attached to the Wisconsin district of which Milwaukee is the center. Superior and Ashland are now a part of the Marquette district, making their returns of customs collections to the collector at Marquette, Mich.

Mr. Spooner's bill proposes to make the Wisconsin district comprise Milwaukee, Ashland, Superior and Green Bay as ports of entry, and Kenosha, Racine, Sheboygan and DePere ports of delivery with a deputy collector at each port of entry and delivery.

La Crosse is to be continued as a port of delivery of the New Orleans district on account of the receipts of imports by way of Mississippi river transportation. Senator Spooner believes that the collection of goods imported into Wisconsin should be made through central district headquarters at Milwaukee instead of having two ports at Ashland and Superior reporting to the Marquette district collector.

KNIGHTS OF PYTHIAS ELECT OFFICERS

U.S. Burns of Sheboygan Made Grand Chancellor—Meeting Next Year Will Be at Milwaukee.

La Crosse, Wis., May 10.—The next meeting of the Grand lodge of Knights of Pythias will be held in Waukesha. The following officers were elected:

Grand Chancellor—U. S. Burns, Sheboygan. Grand Vice—Walter C. Winter, La Crosse. President—Zeno M. Host, Milwaukee. Keeper of Records and Seal—Frank Barry, Milwaukee. Master Exchequer—Fred Kraus, Milwaukee. Master at Arms—Champ Green, Superior. Inner Guard—Grant L. Minor, Richland Center. Outer Guard—J. A. Farnam, Fennimore. Trustee—L. W. Halsor, Milwaukee.

Last evening the visitors were entertained at a banquet at Germania hall, although a number left for home on evening trains. It was not a very formal affair and concluded early so that all who desired might attend a dance given by the Bathbones at Castle hall. The sisters elected their officers this afternoon as follows:

Past Grand Chief—Mrs. Oona Bashford. Grand Chief—Mrs. M. C. Cushing, Milwaukee. Grand Senior—Mrs. Irene Schreiter, Darlington. Grand Junior—Mrs. Lizzie Clark, La Crosse. Grand Manager—Mrs. Nellie D. Miner, Richland Center. Grand Protector—Mrs. Clurice Pengoley. Grand Mistress of Records and Correspondent—Mrs. Sarah Hinesy, Milwaukee. Grand Mistress of Finance—Mrs. Kate Greene, Lancaster.

On the conclusion of business two hours were spent by the ladies upon the river in launches. The sessions of both bodies have been of unusually pleasant social character though the business has not been especially important.

Beloit Academy Prize Winners.

Beloit, Wis., May 10.—The annual prize declamation contests of Beloit college academy took place last night. The first place was won by C. W. Meyer and the second by A. E. Orestenberg. The other speakers were R. E. Balte, W. C. Crawford, W. O. Marriot, T. R. Fawcett and P. Pipal.

Glanders Cases at Viroqua.

Viroqua, Wis., May 10.—State Veterinarian Klute visited this section yesterday and found three cases of chronic glandered horses on the farm of C. J. Kolstad. He ordered the animals killed.

SPLIT IN SIGHT AT SIOUX FALLS

Pops at Loggerheads Over the Nomination for Vice President.

BOLT ALMOST CERTAIN

Allen and Weaver on One Side, Butler and Pettigrew on the Other.

BRYAN WILL BE NOMINATED

Sioux Falls, South Dakota, May 10.—[Special Telegram]—Wm. J. Bryan will be nominated for the presidency by the national convention of the people's party before night fall and the big issue whether the convention will choose a running mate or leave it to a conference committee, will probably be decided tonight.

Weaver's conference plan appears to be a winner however. He undoubtedly

SENATOR ALLEN.

has Bryan's personal confidence. There is talk of a bolt by Minnesota, Texas, Massachusetts, South Dakota, Missouri and Pennsylvania if Towne's boom is shelved.

The committee on credentials reported refusing representation to states not actually represented on the floor of the convention, thus reducing the delegates to eight hundred and ten.

T. M. Patterson of Denver permanent chairman, spoke to an attendance of delegates only, spectators being absent. Awaiting the report of the committee on rules and organization an adjournment was taken until two o'clock. In the meantime a vice presidential caucus will be held.

Allen is in Control.

Sioux Falls, S. D., May 10.—One of the most bitter personal fights in the history of the populist party is being waged here today. It will be fought out on the floor of the convention this afternoon after the committee appointed yesterday make their reports. It will be precipitated in by Senator Allen, who will make the motion that the convention send to Kansas City a conference committee composed of one delegate from each state represented here.

The fight is made the more bitter because the political life and death of Senator Pettigrew of South Dakota and M. C. Butler of South Carolina depend upon the outcome. They are opposed by Senator Allen of Nebraska, General J. B. Weaver of Iowa, Senator Henry Heitfeld of Idaho, and Jerry Simpson of Kansas.

How Convention is Divided.

Sensors Pettigrew and Butler want to nominate a vice president, their chances for re-election depending upon their swinging this end of the Populist party independent of the Democrats. On the other hand, the Allen-Simpson crowd want to affiliate, so to speak, with the Democrats. The fight is made the more amusing when it is remembered that Senator Allen was practically the one who got the convention for Sioux Falls, doing so at the request of Senator Pettigrew.

Now Allen is making the fight of his life to defeat Pettigrew, the change occurring since the conference took place in Chicago last Sunday.

Thomas Patterson, proprietor of the Rocky Mountain News of Denver, is to be permanent chairman and he is opposed to a vice president. That is a whip in the hands of the Allen crowd which can be and will be wielded with some effect.

May Settle Pettigrew and Butler

If Senator Allen's motion for a conference committee prevails it means that Pettigrew and Butler are defeated in their own convention. If, on the other hand, Allen's motion is voted down, Towne of Minnesota will be selected as Bryan's running mate.

So positive are Pettigrew and Butler that they will win that they have selected Bowler of Minnesota to nominate Towne, and he is now preparing his speech.

Allen and Simpson are so confident they will succeed that they are selecting the members of the conference committee.

TEACHERS' MEETING HELD AT EDGERTON

ROCK COUNTY PEDAGOGUES
HAD A BUSY SESSION MAY 5.

Supt. Converse Presents an Interesting Paper on "History"—Miss Rogers Talks on the "Geography of Africa" and Miss Zeiminger on "Grammar and Language."

Clinton Junction, May 10.—The semi-annual meeting of the Rock County Teachers' meeting was held in the High school building at Edgerton, Saturday, May 5, 1900.

This meeting proved to be a successful and beneficial one, despite the fact that some who were to appear on the program were not present with us.

At 10:30 President H. F. Kling called the meeting to order.

The first subject, "History," was presented by Superintendent F. E. Converse of Beloit. He first considered the subject from the standpoint of the teacher, and next from the standpoint of the student.

Under the former he considered its value as a liberator of spirit, and as giving a broader outlook over the world of space and the world of time, and its tendency to give us broader sympathy for the politician and others who help to mould our history.

From the standpoint of the pupil he spoke of the value of the subject first, as a memory trainer, and second, as furnishing material for the pupil to organize according to the sequence of time or events.

As an illustration of the organization of facts he presented the subject, "The Struggle of the Nations for the Possession of, and Supremacy in, North America." He said: "The essential facts, although differing in different grades, must be memorized first, and then these facts must be organized."

Discussion followed, in which Mrs. Burnham of Evansville, and others took part.

The next subject, "The Geography of South Africa," was presented by Miss Rogers of Whitewater.

Having stated that she could not have been given a more difficult subject, Miss Rogers, in her characteristic entertaining way, led our imaginations to picture the position, size, surface, climate, mineral wealth, the unsurpassed animal products, and the people of the vast tract of land south of the Zambesi river.

She also told us many interesting things in regard to the means of getting into the country, and of travelling through it, of the quaint towns, the diamond fields, and the rich agricultural and grazing regions.

A few remarks were made on this subject by Myrtle Boyd, followed by Prof. H. C. Buell, and others.

The afternoon session opened at 1:30. Miss Zeiminger of Janesville presented the subject, "Grammar and Language." She distinguished between the two subjects, calling grammar the science of "know how," and language the "do how."

She said, "If the conditions surrounding the child were ideal, he would require but little study. But since this is not usually the case, the fight against improper forms of language should begin in the primary grades and be continued throughout the course."

She said, "Much might be done by means of copying and memorizing choice selections, and by means of composition and conversation in the lower grades. The pupil should be made to see the beauty and force of clear cut, well defined statements. In the grammar grades so that the pupils," as Prof. Hutton said in the discussion which followed, "may have a standard by which he may make correct use of our language."

Miss Maggie Stafford of Edgerton led

the discussion, agreeing with Miss Zeiminger and stating that not sufficient attention is being paid to this subject in our country schools.

Neither Mr. McKenny of Milwaukee, nor Mr. J. T. Healey of Milton Junction being present "Some Laws of Child Life" was omitted from the program.

The subject of reading was next presented by Mr. Buell of Whitewater. He considered the subject from two standpoints. First, that of extensive reading, for the sake of increasing the vocabulary; and second, intensive or thought reading. He preferred the former for lower grade work and the latter for more advanced work.

As an illustration he told of Miss Dockery's work in the second grade class of Whitewater. By means of extensive reading out of a class of thirty only two were poor readers, and these two have physical defects which impair their power to read. Representatives of this class were present with their teacher and they read for us selections from Third readers which they had never before seen. They also entertained us by reciting with their teacher, "The Order for a Picture," and "The Gingham Dog and Calico Cat." The children read fluently, but in the discussion which followed it was decided that more depended upon the teacher than upon the method.

As Mr. Henry was not present the subject, "The Value of a Library" was not presented, and W. N. Parker of Madison, being present we were deprived of a closing.

FAIRFIELD.

Fairfield, May 10.—Rev. Howarth of Clinton preached at the M. E. church last Sunday afternoon. Mrs. J. C. Earl has been on the sick list for the past week and is under the care of Dr. DeHond of Darien. George Reid of Darien was looking after the interests of the store at this place on Monday. J. T. Cutler and wife visited Janesville friends last Saturday and Sunday. Dodge & Reed are showing quite a display in spring millinery goods. Mrs. E. F. Welch is again seen on our streets after an absence of a few months in California.

She said, "If the conditions surrounding the child were ideal, he would require but little study. But since this is not usually the case, the fight against improper forms of language should begin in the primary grades and be continued throughout the course."

PRESIDENT EARLING ON THE NEW ROAD

TALKS ABOUT THE JANESVILLE
& SOUTH-EASTERN.

Says Emphatically That He Will Not Take the Through St. Paul Trains From the Run Through Milwaukee—Is a Chicago Madison Direct Line.

The Milwaukee Sentinel this morning has the following regarding the Janesville and Southeastern road now being built:

President A. J. Earling of the Milwaukee road, who was in the city last night, admitted that the Janesville & Southeastern road, recently organized with a capital of \$2,000,000, had been formed in the interests of the Milwaukee road, but denied that it was the intention to establish a new route from Chicago to St. Paul.

New Chicago-Madison Line.

"You may say emphatically," said President Earling, "that we shall not take our St. Paul trains from the run through Milwaukee. The Janesville and Southeastern road was formed in the interests of the Milwaukee road. We extended our line last year from Libertyville, Ill., to Fox Lake. This year we are extending it from Fox Lake to Janesville, a distance of fifty miles. This will give us a short line between Madison, Janesville and what is commonly known as the Mineral Point territory. To Chicago. But the company will continue to run in St. Paul trains via Milwaukee, as at present.

Would Be a Loss to Milwaukee.

The Janesville & Southeastern road was incorporated last March by Peter M. Myers, secretary of the Milwaukee road, H. VanAlstine, Elzlie W. Williams of Milwaukee, Henry R. Williams, B. G. Lennox, Fred T. Kanney and Burton Hanson of Chicago, the capital stock being \$2,000,000. The incorporators declined to discuss the object of the new company, but it was currently reported that it was formed in the interests of the Milwaukee road, and that the latter road intended to make it a part of a short line to St. Paul, and would take its St. Paul trains off the round-about run by way of Milwaukee. This would have been a loss to Milwaukee, and the prospect of the reported change was received here with a great deal of disfavor.

New Coaches and Cars.

The Milwaukee road is now receiving the first of thirty-eight new coaches and drawing room cars for use principally in the Wisconsin district that will be among the finest ever made for any railroad in the country. They are longer than the regular coaches and are elaborately furnished. The interior will be mahogany throughout. All will have the most modern conveniences. In the day coaches will be toilet rooms which are something of a departure for this class of service.

Frank S. Bond Will Retire.

New York, May 10.—Frank S. Bond, who has been vice president of the Chicago, Milwaukee & St. Paul Railway company for about fifteen years with headquarters in this city, will on or about May 25 sever his connection with the company and retire from active railroad service, in which he has been engaged for more than fifty years.

Roswell Miller, who resigned the presidency of the road last September, at which time he was elected chairman of the board, will, on Mr. Bond's retirement, assume charge of the St. Paul's New York office, devoting his attention chiefly to the financial management of the company.

It is said that Mr. Miller, who now lives in Chicago will make his home in this city.

OHIO HAS A MURDER MYSTERY.

Dog Drags Portion of Woman's Corpse Into a House.

Bowling Green, Ohio, May 10.—A dog belonging to J. E. Wadman, while the family was at dinner, dragged a portion of a corpse into the house. Upon examination the ghastly object was found to be the hand and upper portion of the trunk of a woman, who had evidently been dead about two days. The palm of the hand indicated that it had been in the fire. The dog was seen coming with its burden from the ruins of an old glass factory in a deserted portion of the city, but a vigorous search there has revealed nothing. Several shots and the voice of a woman screaming murder were heard by Policemen Avery on Monday night coming from this vicinity. Several persons living in that section of the town state that they saw a map and woman, strangers in the city, standing on the railroad track at dusk Monday night near the old factory. The woman appeared to be deeply agitated and the man to all indications had been threatening her. She was heard to say, "What have I done? What have I done?" several times.

MRS. NELSON SERIOUSLY ILL

Stricken With Pneumonia At Her Sister's Home In St. Paul.

Mrs. John Nelson, a former well known resident of this city, and wife of the late senior member of the local livery firm of Nelson Bros., is now dangerously ill at the home of her sister in St. Paul. She is ill with pneumonia and attending physicians state that her illness is of a most serious nature. A telegraph message received in Janesville yesterday summoned a sister, Miss Ella Morrissey, cashier at Bort, Bailey & Company.

Favorite Perfumers.

A great many well-known men and women have been fond of different scents, as is historically known, but it is hard to say how far their characters fit in with this new idea. For instance, Nero loved the scent of roses, whether distilled or from the freshly cut flowers; Louis XIV. delighted in the perfume of orange flowers; while Richelieu liked a different scent in each of the rooms; the Empress Josephine soaked her things in musk; and Napoleon is said to have emptied a whole bottle of eau-de-Cologne over his clothes when he was dressed; Victor Hugo rejoiced in flowers; Alexander Dumas loved wearing myrtle, and Charles... adored white jasmine.

TOO MANY THEATER ATTRACTIONS HERE

Season Has Been a Successful One and Closes Next Month—Fewer Shows Here Next Year.

This season at the Myers Grand will close next month. The local playhouse opened August 21 and during the present season the house will have been opened ninety-five times. Managers Myers says that the season as a whole has been a successful one. The line of attractions have been excellent for a town the size of Janesville. In speaking of the season's business Manager Myers said today:

"The season has been a successful one. The only fault that I have to find is that there were too many shows billed for the size of the town. Next season the citizens of Janesville will not have as many attractions but they will be the best that I can secure which will mean as good as travel west of Chicago."

Nothing Personal Intended.

When Lady Blessington sent D'Orsay to complain of some delay on the part of her publishers, Otley & Saunders, he used very high language. A dignified man in a high, white neckcloth, who was listening to him, said: "Count D'Orsay, I would sooner lose Lady Blessington's patronage than submit to such personal abuse." "There was nothing personal," said the count: "if you are Otley, then damn Saunders; if you are Saunders, then damn Otley."

It has been wittily said of the martyrs that they were people who were cannonaded while they lived and were canonized when they were dead. The same thing might be said of many a woman, who has been cannonaded by censures and criticisms while she lived and canonized as a saint after death.

Husbands don't mean to be small and selfish. But they can't understand the sufferings which come with debilitating drains, irregularity, inflammation, or ulceration of the sensitive female organs.

Thousands of happy women pay tribute to the wonderful change in their lives effected by the use of Dr. Pierce's Favorite Prescription. It is not a cure-all. It has a specific purpose, in the curing of diseases peculiar to women. It cures these diseases perfectly.

Sick women can't read Dr. Pierce free by letter. Each letter is treated as a sacred confidence, privately read and promptly answered. All answers are in plain envelopes. Address Dr. R. V. Pierce, Buffalo, N. Y.

"My health is much better since I have been using Dr. Pierce's medicines," writes Mrs. Cora Brooks, of Martin, Franklin Co. Ga. "After having a miscarriage in 1895, I suffered with a pain in my left side and a lingering cough which grew worse and worse. I used Wine of C. but it only gave me temporary relief. Last spring I got past doing anything and my husband went to the drug store and called for Wine of C. and the merchant recommended Dr. Pierce's Favorite Prescription as better, so he bought one bottle. I began to take it as directed in the pamphlet wrapped around the bottle. The book said if the disease was complicated with cough to take Dr. Pierce's Golden Medical Discovery and 'Favorite Prescription' alternately. Mr. Brooks got the 'Golden Medical Discovery' and I took it as directed. The cough left me at once and I got better so rapidly my husband was astonished at my improvement. I took six bottles of the two medicines. I am now able to work and do the washing for two families."

DEATH IN ST. LOUIS RIOTS.

Street Railway Trouble Results in a Tragedy.

FRANK LEBRECHT FIRST VICTIM

Suburban Car Attacked by a Number of Men While Passing the Grounds of the Baptist Sanitarium—Car Blown Up by Dynamite—Traffic Blocked.

St. Louis, Mo., May 10.—The first tragedy as a result of the street car strike has occurred. At 9 o'clock p. m. as a suburban car, on its way to the company's sheds in the western part of the city, was passing the Baptist sanitarium a number of men in the grounds of the institution threw stones at the car. Some one in the car fired into the crowd, the bullet finding lodgment in the breast of Frank Lebrecht. The wounded man attempted to enter the sanitarium, but fell dead on reaching the door.

One story is that a police officer on the car fired the shot. Dan Donovan was placed under arrest by the police charged with the shooting. Donovan is employed in a minor capacity by the railway company.

A dynamite car, also exploded under a street car on the Meremac Highlands division of the Suburban line with great force at an early hour this morning. The force of the explosion tore up the track, broke off a section of one wheel, and cracked the axle. The car was occupied by a dozen workmen of the company. Succeeding the explosion a number of shots were fired in quick succession, but the persons who did the firing were not seen owing to the darkness, and nobody on the car was injured.

The Transit company made no effort to run cars today, and the St. Louis and Suburban made none until late in the afternoon, when with the police boarding the line and a detachment on each car it succeeded in getting a number through. Far from relieving the situation, however, this demonstration had no further effect than to show that by massing their forces on a single line the police could keep that line open.

At the close of the day of armed inactivity both sides declared confidence in the outcome. Frequent conferences were held by the leaders of both sides, and the air of secrecy prevailing around the two headquarters promised developments of an important character.

The police, for the first time since the strike began, showed some appreciation of the situation, and, by keeping the crowds moving, prevented a repetition of the riotous demonstrations of the previous day. The streets were filled with people, many of them with placards on their hats and coats expressing sympathy with the strikers.

The operation of cars on the Suburban system, under a strong police guard, was decided upon at noon, and the cars began to leave the Dehodiament terminus at 3 o'clock. Along the line hundreds of officers, both mounted and on foot, were stationed, and for an hour previous to the time set for operating the line they were engaged in keeping the crowds moving. At all crossings policemen were stationed, but there were no violent demonstrations and few strikers were visible.

Traffic Completely Blocked.

St. Louis, Mo., May 10.—Every street railway line in St. Louis and in St. Louis county is still tied up, and not a car is moving. General Manager George W. Baumhoff of the St. Louis Transit Company, which operates all the lines in the city except the Suburban, announced at 9 a. m., that no attempt would be made to run cars unless ample police protection was afforded. The protection given yesterday by the police, he said, was entirely inadequate, as is shown by the many damaged cars and numerous casualties. Mr. Baumhoff says that the company has plenty of men who are willing to take out cars, but he does not feel it would be right to risk their lives while the present condition of lawlessness continues. Chief of Police Campbell declares that the force under him is too small to handle the situation properly, but if the companies would select one main line to operate he would see that the cars were run without molestation. Thousands of St. Louisans suffered the inconvenience of not having transportation facilities. A majority walked to work today, while others rode wheels or pressed into use vehicles of every description. Owners of wagons earned many an honest dollar by transporting residents in the outlying districts. Downtown and on every street during the early hours there was to be seen a constant procession of nondescript vehicles. The steam railroads entering the city from the north, south and west helped out by putting on additional trains and making numerous stops.

Fight Against Carpenters' Brotherhood.

Philadelphia, Pa., May 10.—The executive board of the Allied Trades council took drastic measures in its fight against the Brotherhood of Carpenters. It called out all its members wherever Brotherhood men were employed. There are over 25,000 members of the Allied Trades and about 5,000 of the Brotherhood of Carpenters.

M'COOK DEFENDS OLD CREED.

Scores Ministers Who Stay in Church for Loaves and Fishes.

New York, May 10.—Col. John J. McCook, in his address before the graduating class of the Princeton Theological seminary, scored those ministers who remain in the Presbyterian church for the "loaves and fishes." He held that the Presbyterian creed should be strictly adhered to, and that there should be no toleration of differences of belief. Such views he denounced as illegal, immoral and mischievous. He said in part: "In many quarters it is claimed that a minister's piety, charity, eloquence, upright life and good works should be a cloak sufficient to hide his disloyalty to the standards of doctrine which he has solemnly obligated himself to maintain. Permit me to say that there should not be one code of morals for the clergy and another for the laity. I will tell you what the average man of the world says when he finds a minister remaining in a church while denying the articles of its creed. He says that such a minister remains for the loaves and fishes. I do not say that the loaves and fishes are always of a pecuniary kind, for the Presbyterian name and badge are rather to be chosen than great riches. A Presbyterian minister disloyal to his creed is a soldier wearing the uniform of his country and fighting on the side of his enemies. When Presbyterian doctrine is neglected or attacked by the minister and an Episcopalian service accompanies his preaching, it is difficult to see that there is any grave reason for the existence of the Presbyterian church."

MAKES APPEAL TO M'KINLEY.

Netherlands Peace Society Pleads for Ending of Boer War.

The Hague, May 10.—The Netherlands Peace society has addressed an appeal to President McKinley begging him to further the peaceful object of the Boer mission, to investigate their case, to bring about arbitration and put a stop to the pernicious war in South Africa.

New York, May 10.—Mayor Van Wyck has declined to appoint a committee to make preparations for the reception of the peace delegates of the South African republics and to extend to them the freedom of the city. The mayor declares that he had refused repeatedly to appoint committees for the reception of any foreigners. "You all know where my heart is in this cause," he said. "I will receive the delegates at this office and extend to them every courtesy and co-operate in every way to show my sympathy and good will for their cause." Subsequently the aldermen and council appointed a joint committee of fifteen members from each municipal body to welcome the delegates and adopted a resolution tendering the delegates "the assurance of the earnest sympathy of the people of New York in their noble struggle against the aggression of Great Britain."

Increase in Postoffice Work.

Washington, D. C., May 10.—A statement of the gross receipts at fifty of the principal postoffices for April of this year, as compared with a similar period of 1899, shows an increase of \$255,655. The increase at some of the postoffices was as follows: New York, \$90,811; Chicago, \$43,225; Philadelphia, \$43,011; Boston, \$13,250; St. Louis, \$8,825; Cincinnati, \$10,563; Brooklyn, \$36,258; Baltimore, \$2,882; San Francisco, \$4,065 and Pittsburgh, \$5,085. The largest percentage of decrease was at Lowell, Mass., 67.5 per cent.

THE HEALTH OF YOUNG WOMEN

Two of Them Helped by Mrs. Pinkham—Read their Letters.

"DEAR MRS. PINKHAM:—I am sixteen years old and am troubled with my monthly sickness. It is very irregular, occurring only once in two or three months, and also very painful. I also suffer with cramps and once in a while pain strikes me in the heart and I have drowsy headaches. If there is anything you can do for me, I will gladly follow your advice."

—MISS MARY GOMES, Aptos, Cal., July 31, 1898.

"DEAR MRS. PINKHAM:—After receiving your letter I began the use of your remedies, taking both Lydia E. Pinkham's Vegetable Compound and Blood Purifier. I am now regular every month and suffer no pain. Your medicine is the best that any suffering girl can take."

—MISS MARY GOMES, Aptos, Cal., July 6, 1899.

Nervous and Dizzy

"DEAR MRS. PINKHAM:—I wish to express my thanks to you for the great benefit I have received from the use of Lydia E. Pinkham's Vegetable Compound. I suffered constantly from terrible headache, had chills, was nervous and dizzy. I had tried different kinds of medicine but they all failed entirely. After taking three bottles of Vegetable Compound and three of Blood Purifier I am all right. I cannot thank you enough for what your remedies have done for me."

"OLEO" CONTEST CONTINUES

Grosvenor's Resolution Expected to Offset That of Tawney's.

ABOUT ARMOR AND ARMAMENT.

Mr. Tillman Wants Price for Plate Fixed at \$300 Per Ton—Inquiry as to Paper Prices—Mr. Newlands Introduces a Resolution Which is Referred.

Washington, May 10.—The house committee on agriculture instructed the sub-committee, of which Mr. Lorrimer of Chicago is chairman, having under consideration the Groat bill to regulate the manufacture of oleomargarine, to have copies of all hearings and other preliminary details ready to submit to the full committee May 23. Representative Grosvenor of Ohio introduced a resolution calling upon the secretary of the treasury for a certified copy of the report made by Agent McGinnis of the internal revenue bureau, who investigated the manufacture of oleomargarine in Chicago, and also for any additional information which Agent McGinnis may have obtained or subsequently filed with the department. Should the resolution be adopted the McGinnis report is expected to offset the Tawney resolution, which calls upon the treasury department for a copy of the records showing the ingredients used in the manufacture of oleomargarine.

Armor and Armament.

Washington, May 10.—Practically the entire session of the senate was devoted to the section of the naval appropriation bill relating to armor and armament. The debate largely hinged on the proposition that the government should erect an armor plant of its own. Senator Tillman presented an amendment limiting the price to be paid for armor to \$300 a ton and providing also that the government should erect a plant of its own. Senators Tillman, Money and Chandler advocated the erection of a plant, while Mr. Hale supported the committee amendment providing for a plant in the contingency that armor could not be procured for \$445 a ton. No action was taken on the proposition.

The house considered the contested-election case of Pearson against Crawford from the Ninth North Carolina district, without reaching a vote.

Newspaper Publishers' Petition.

Washington, May 10.—The petition of the newspaper publishers relative to the price of printing paper was presented to the ways and means committee, and Mr. Newlands of Nevada proposed an inquiry as follows: "Whereas, Complaint is made that the price of paper in the United States within a recent period has been nearly doubled; "Whereas, The Association of American Newspapers has appealed to the congress of the United States for relief, claiming that the increase in price has been occasioned by a combination of the various paper mills and pulp factories of the country; "Resolved, That the committee on ways and means fix the last Wednesday of May, 1900, for the hearing of such complaint. And meanwhile the secretary of the committee is directed to give notice to such Association of American Newspapers and to the various paper companies and pulp companies of such hearing, and the secretary of the committee be directed to call on such paper companies and pulp companies for the total amount paid during the calendar year ended Dec. 31, 1899, by such companies for interest on bonds, dividends on stock, taxes and wages to employees, the rates paid for wages, to be classified according to the amount paid, and also statements showing the total receipts for paper sold and the expenses of operating during the year."

After some discussion the matter was referred to the sub-committee on customs, consisting of Messrs. Payne, Dalzell, Hopkins, Grosvenor, Russell, Richardson and Robertson.

Think Fright Caused Death.

San Diego, Cal., May 10.—After helping to save the life of another woman, Miss Lillie Virginia McKenzie lost her life at LaJolla in such a peculiar manner that her friends are in some doubt as to whether she was drowned or died as the result of fright. Miss McKenzie recently came here from Chicago with her brother, George McKenzie. While she was at LaJolla for an outing Mrs. P. Peterson of San Diego fell into the sea. Miss McKenzie and several others succeeded in drawing her upon a rock. A moment later a big wave swept four of the party into the water. All were rescued except Miss McKenzie. Some think the big wave scared her to death.

1862—Stonewall Jackson died; born 1824.
1862—General Thomas William Sweeny, American soldier of the Mexican and civil wars, died at Astoria, N. Y.; born in Ireland 1820.
1896—General Joseph Colton, a Confederate veteran, died at New Haven. General Charles Sutherland, ex-surgeon general, U. S. A., died in Washington.
1899—General Samuel B. Smith, Federal veteran, known as "The Father of the National Guard System," died at Dayton, O.; born 1837.

A HORRIBLE EXAMPLE.

What's this? What's this? Feloit to issue \$16,000 more in bonds? And in face of the fact that the Janesville Recorder, ex-lower taxation organ, holds Beloit up as a horrible example of a town that has just escaped from the bond holders! Well! Well! Well! A Beloit dispatch to the Milwaukee Journal is as follows:

Beloit, Wis., May 8.—The Beloit council last night voted \$16,000 bonds for city improvements, which will include a new central fire station and a new central police station.

And will use the money to build a fire station and—horror of horrors—a police station!! What do you think of that! What use has Beloit for a police station? Janesville gets along without one, and we're a heap bigger than Beloit! Will the ex-lower taxation organ tell us how this horrible example of bonded slavery can dare to do such things in the face of the fact that it has just "thrown off the yoke?"

THE RECORDER'S PLATFORM

Recorder of last week. Shall we go to the Recorder's platform? The Recorder wants to go plainly on record in favor of lower taxation.

Gaze upon this picture, and then upon that. Why such a change of heart? Is private interest, or patriotism, responsible? In "opposing anything The Gazette wants" the ex-lower taxation organ has compromised itself, and in the future its opinions must go for what they are worth—nothing.

As the Gazette has stated some 9000 times during the past two years we should have "the comforts of a city"—a police force, a city hall, a sewerage system, plenty of good lights, and all the other "comforts" that go to make a town grow, and protect the health and property of the people. The only opposing cry has been raised by The Recorder, and as that weak kneed, private axe grinding organ could only cry "lower the taxes"—a position it has since abandoned in favor of extravagance—we now move to make it unanimous. Expense, if the ex-lower taxation organ represents public sentiment, is no object, but The Gazette cannot agree with its recent convert on that point. The Gazette favors reasonable and judicious expenditures—not the burn-your-money policy of the paper that it recently brought to see the light—and would warn its latest supporter against letting its enthusiasm run away with its judgment.

Constant Reader.—When the local electric light plant was offered for sale, a short time ago, to the United Gas Improvement Company—the great Philadelphia gas trust, which owns the local plant—the price named was \$110,000 and it was stated that the profits on that valuation amounted to ten per cent., or \$11,000 per year. We cannot give you the other information asked for.

The statement that Beloit—which has grown much more rapidly than Janesville of late—"is a good example of bonded indebtedness" reminds us of the story of the charges filed against General Grant.

"Grant drinks," said one of the accusers, to President Lincoln.

"Well," said Lincoln, with a twinkle in his eye, "if I knew what he drank, I would get some of it for the other generals!"

The ex-lower taxation organ, in arguing for higher taxes and the comforts of a city regardless of expense, shows a change of heart that is really surprising. Perhaps the ex-lower taxation organ will change its mind tomorrow, however, so its theories do not amount to anything. Like the tree-toad, the ex-lower taxation organ represents only the color of the limb to which it is temporarily attached.

Judge Orton of Darlington, is admittedly an authority, and when he speaks

of the work of the legislature, we all know that we are "getting it straight." For this reason Judge Orton's comments on the attitude taken by Senator Whitehead will be widely read, and lavish as his praise may be, it goes without saying that it is the honest opinion, of an honest man, honestly expressed.

People who cannot pay their rent are always on the anxious seat when glad some May comes around, and hasten to get into the good graces of their landlords. Perhaps this explanation will apply to a certain concern that recently underwent a great change at the command "right about face."

Evidently the local ex-lower taxation-burn-your-money organ does not circulate at Beloit. If it did, the Line City council would have known that their town was a horrible "example of bonded indebtedness," and would doubtless have refused to issue a new lot of bonds.

Beloit should be more considerate. It is a little rough on the Janesville ex-lower taxation organ to have the Line City order a bond issue the same day that the local burn-your-money advocate holds it up as a sample of bonded ridden beggary.

The ex-lower taxation organ shows the same public spirit now that it exhibited in ridiculing the men who were working to secure the new postoffice; and laughing at the idea that the C. & N. W. company would build a new passenger depot.

Lieutenant Hobson is on the way home, but the girls have not yet begun to line up to be kissed. They have been cured of the disease, but it remains to be seen whether or not Hobson has recovered from it.

In seeking to prevent the sale of horsemeat, the Milwaukee health department is upholding the record of the Cream city—it always was opposed to "canned skates" when it could just as well be had in bottles.

General Arthur MacArthur is now in supreme command of the United States forces in the Philippines, and, as is always the case with Badgers, he will not be found wanting in any capacity.

Fifty arc lights is quite a few, is it not?

WAY TO FORCE TURKEY.

Missionary Suggests Seizure of an Island in the Dardanelles.

The Rev. Edward B. Haskell, a missionary stationed at Salonika, in European Turkey, by the American missionary board of the Congregational church, said to a New York Tribune reporter the other night: "There is no danger of a war with Turkey over the indemnity which she owes the United States. What is needed is firmness. When Turkey sees that this country is in earnest, she will pay up. Nevertheless that empire is frightfully plunged into debt because of the corruption of its government officials. The sultan little knows of the millions of dollars that go to waste through the fingers of his servants. His revenue from custom house duties, etc., is great—more than enough to pay the cost of the government. If these leakages were stopped by a strong willed monarch, the empire could soon be placed on a solvent basis. "The conversion of the Mohammedan is attended with the greatest difficulty. The reason is that conversion to a Mussulman of rank means certain death. Our work is therefore confined to the so called Christian classes who have already been converted to a certain type of Christianity by the Orthodox Greek church. This church, however, has been awakened into considerable activity itself by the entrance of Protestant denominations into the field."

When asked if the seizure of Smyrna by the American forces, as suggested by certain men of military distinction, would be the most advantageous method of procedure, the missionary said that he could not talk on such a subject because he was afraid of the sultan's causing his arrest upon his return to Salonika. Another missionary at his side, however, made this answer: "If my name is not mentioned, I should like to say that the seizure of one of the islands in the Dardanelles is by far the best move to be taken by the United States in case of war. This could be accomplished by a fleet without the landing of a single man. It would throttle the trade of the great capital of Constantinople and compel the porte to summon to the defense his whole navy of the Buxine. This he would be afraid to do with the power of Russia menacing his Euxine provinces."

JUNGLUT'S NARROW ESCAPE FROM DEATH

FRANTIC HORSES BADLY FRAC-
TURE HIS LEFT LEG.

Timely assistance on the part of City Treasurer James A. Fathers is all that saved Jungblut's life—Patrol Called to Convey Injured Man to His Riverview Park Home.

Timely assistance on the part of City Treasurer James A. Fathers, was all that saved John Jungblut this morning from what appeared to be certain death. Beneath the feet of a team of frantic horses Jungblut was dragged in a semi-conscious condition. His body was badly bruised, he was injured internally, and his left leg was badly fractured near the ankle. Dr. James Mills, who was called, reports Jungblut as being badly injured, but his injuries are not of a serious nature.

Mr. Jungblut is a married man, and resides at 3 Cottage Place, Riverview Park. He is employed as a teamster by Joseph C. Roehling, a roofer, residing at 256 South Main street.

At 10:30 o'clock this morning while driving a team of powerful horses into Mr. Roehling's yard, it is claimed that one of the horses was suddenly thrown over the wagon tongue by coming in contact with a pile of sand. Mr. Jungblut in his effort to free the thrown animal soon found himself thrown to the ground and directly beneath the hind feet of the two horses who were by this time wild with fright.

In their frantic efforts to free themselves both animals commenced to kick with powerful force, breaking both harness and wagon and each time striking near the frightened teamster's head. Before help could arrive Mr. Jungblut was kicked a terrible blow on the left leg near the ankle. The blow broke the bones of his leg snapping them off so that the break was plainly heard one hundred feet away.

Mr. Fathers who fortunately happened to be near was soon to the rescue turning the team so that Jungblut was out of reach of the horses. The fire patrol was then called and the injured man conveyed to his home. Jungblut, with his leg broken, was unable to free himself and if help had not arrived there is little doubt but what he would have been kicked to death as the horses were unable to free themselves.

ODD FELLOWS NAME THREE DELEGATES

Meeting Held Last Evening at East Side Odd Fellows' Hall. Visit Green Bay in June.

Members of Wisconsin Lodge Odd Fellows No. 14 met at East Side Odd Fellows hall last evening and elected the three following delegates to the meeting of the Grand Lodge to be held at Green Bay for three days commencing the first Tuesday in June: Benjamin Plowright, Floyd Hurd and W. E. Clinton. L. M. Nelson was recommended as district deputy grand master. The meeting at Green Bay will be a most important one and fully five hundred Odd Fellow delegates are expected.

WORLD HAS STILL SOME MARVELS LEFT

Exhibition of Liquid Air at the Myers Grand Tonight—Is a Wonderful Discovery.

As one by one of the great discoveries and inventions of this century have come to the public mind, there has immediately been a hue and cry of "wonderful, marvelous," from the laymen of science. And after a little the hubbub has quieted down into a dead calm as soon as the strangeness and novelty of things have worn off. So it was with the steam engine, with the telegraph and the telephone, the X rays. So will it ever be of all the inventions and discoveries that are to come.

But the world has yet some wonder left for one of the latest discoveries, that of the production of liquid air. Now it had long been known, in theory, at least, that most gases had a liquid state to which they could be reduced by a sufficient lowering of temperature, aided in some cases by the application of pressure. Some eight years ago air was reduced to the form of a liquid by Prof. James Dewar, of England. At the announcement, Charles E. Tripler of New York, began a series of experiments for the production of liquid air, which have been very successful.

Mr. Tripler handles the liquid air in an old sauce pan, pouring it out like water. He touches it with impunity, but is careful not to leave his hand in contact for long, for it almost immediately renders lifeless whatever it touches. In this way it will be an important aid in surgery. It will, perhaps, also be in demand in hospitals for cooling the temperature, in battleships, packing houses, hotels, and so on.

Mr. Tripler's agent is coming to Janesville tonight to tell what else can be done with this wonderful product at the Myers Grand opera house.

GREAT BALL GAMES SCHEDULED HERE

PLAYED AT ATHLETIC PARK
DURING JUNE.

Nebraska Indians and Columbia Giants
Play June 4 and 6—Chicago Unions
and the Cuban Giants Matched for
June 11—Greatest Colored Teams in
the West—Y. M. C. A. Team.

During the month of June local baseball admirers will have the opportunity of witnessing what promises to be three warmly contested events. Athletic Park has been leased for three games to be played by teams second to none in the west outside of the regular league clubs.

On June 4 and 6 the Nebraska Indians play the Columbia Giants. These two games are between teams that have a wide reputation. The Nebraska Indian team is composed entirely of Indians who are experts in handling the ball. This team recently made a trip east winning a large per centage of games. The Columbia Giants were the former famous Page Fence Giants and are a colored team. Wilson, their pitcher, is today considered to be the best of his class in the field and its only his color that bars him from playing in the National league.

On June 11 at Athletic Park the Chicago Unions and the Cuban Giants are matched for a game that promises to be full of interest.

Both these teams are composed of colored men who are second to none as professionals.

Arrangements are now being made to form a local base ball team to play a series of games at Athletic park this summer. The local Y. M. C. A. are behind the movement and a good team will soon take the field.

MOST PONDEROUS CEMETERY STONE

Largest in Size and Cost to Grace the
Local Cemeteries—In the J. H.
Conrad Lot.

Chicago and Janesville workmen are now engaged in erecting the largest cemetery monument ever placed in position in a Janesville cemetery. This ponderous monument is in course of erection on the J. H. Conrad lot, in Oak Hill cemetery. The monument is of Vermont light granite and was shipped here from the east. It weighs about twenty tons and will cost complete in the neighborhood of \$2,000.

Eugene Fish had the contract for hauling the monument from the depot to the cemetery it being taken in sections. It required eight horses to haul each section. This monument is spire shaped and stands twenty-seven feet in height resting on a six foot foundation. Special appliances were brought here from Chicago to assist in placing the monument in position. The late J. H. Conrad was a former resident of this city dying in Chicago two years ago as the result of an accident.

PLYMOUTH ROCK gelatine 12 cents a package at Dedrick Bros.

MORRISSEY'S COLTS PLAY AT JEFFERSON

Local Aggregation of Base Ball Players
Will Appear at Jefferson Next
Sunday Afternoon.

Tom Morrissey, the local veteran base ball player, is forming a team in Janesville who will cross bats with the Jefferson team at Jefferson, Wis., next Sunday afternoon. The best of local talent will be secured and a good sized delegation of local fans will accompany the nine from this city leaving in the morning over the Northwestern road returning early the same evening.

The Jefferson team is composed of players who are above the average and a warmly contested game may be expected. Jefferson is in every sense a Sunday base ball town and the management is figuring on a crowd of several hundred people.

SHOPIERE

Shopiere, May 10—The Rev. F. B. Sherwin of Milton will change pulpits with Rev. F. C. Richardson of this place on Sunday next.

Mr. Richardson and wife left this place on Thursday for their old home in Milton. They will return Monday. Bort Shimeall came out from Chicago on Wednesday to spend a few days with his son.

Mrs. Jones and daughter intend to move to Beloit soon.

Frank Steadwell is gaining very fast. He expects to come down and visit his parents in a few days.

Farmers are very busy getting ready to plant corn.

Half Million for Employees

Minneapolis, Minn., May 10—The Great Northern railway has placed 10,000 shares of its stock on sale at par for its employees. The shares are to be handled by a new company, the Great Northern Employees' Investment association, limited. No employee receiving \$3,000 a year or more may buy stock, and none may hold more than \$5,000 worth. C. E. JONES CASE FINISHED TODAY

Went to the Jury at 2:22 O'clock This
Afternoon—Plaintiff Sues for
Alleged Injuries.

At 2:22 this afternoon the case of C. E. Jones vs. Village of Clinton went to the jury.

The defendant's attorney moved that the court direct a verdict for the reason that the undisputed evidence showed that the plaintiff had been guilty of contributory negligence and for the further reason that the plaintiff was not in the exercise of ordinary care. This motion was overruled.

ONE THOUSAND MILE TRIP FOR PRISONER

SHERIFF ARRIVES HERE FROM
STATE OF MISSOURI.

Prisoner Was Arrested Tuesday Night
In the Town of Fulton by Sheriff
Appleby—The Charge Was One of
Seduction—Necessary Papers Secured
From the Governor.

Sheriff Anderson of Monticello, Missouri, arrived in Janesville today and took possession of Oscar Whittlekind, a resident of the town of Fulton, fourteen miles from this city.

Whittlekind was arrested Tuesday night by Sheriff Appleby and lodged in the Rock county jail on the charge of seduction. Whittlekind did not seem to be surprised when arrested and will be taken back to Missouri to stand trial.

By the time Sheriff Anderson gets his prisoners in the jail at Monticello, he will have made a round trip of one thousand miles.

PROMINENT OFFICIALS HERE

Came To See How Work on the Railroad
is Progressing.

Prominent officials of the Chicago, Milwaukee & St. Paul railroad have been in the city this week inspecting work at this point on the new Janesville and Southeastern railroad. Among those who made the trip here were Division Superintendent Eldredge and Assistant General Superintendent Bush. Work on the new line is being rushed at different points along the line, and gangs of men are daily being added.

MENZIES--PLOWRIGHT WEDDING TONIGHT

Performed at the South Franklin Street
Home of the Bride's Parents—
Well Known Couple.

At 8 o'clock this evening at the home of Mr. and Mrs. John Plowright, 254 South Franklin street, will be solemnized the wedding of William W. Menzies and Miss Mabel Plowright. The nuptial knot will be tied by the Rev. S. G. Huey pastor of the Rock Prairie Presbyterian church. The prospective bride and groom will be unattended. After the extending of congratulations the guests will partake of a wedding repast. The invited guests include relatives and a few intimate friends.

The bride-to-be is the daughter of Mr. and Mrs. John Plowright and is a most worthy young lady who is popular with a large circle of friends. She has grown to womanhood in Janesville and none know her but to admire her. The prospective groom is a young man who needs no introduction. Words in his behalf are only words of praise. Mr. Menzies is employed as bookkeeper at the Merchants & Mechanics bank. The happy couple will take no wedding trip but will go to housekeeping in a cozy furnished dwelling at 160 North High street, where the best wishes of many friends will follow them.

Old-Time Surgery.

A grim souvenir of an old-time war was on view in a cutler's window in the east end of London recently. It is an ebony-handled saw, which, according to the inscription on a brass plate attached to the instrument, was used by a surgeon of the British army to amputate the limbs of wounded soldiers at Blenheim, Malplaquet and Ramillies.

BOERS FIGHT AS THEY GO.

British Find Plenty of Hard Work During Their Advance.

HUTTON HAD A SHARP FIGHT.

His Force Narrowly Escapes Capture by Big Boer Army—Lively Skirmishes of Daily Occurrence—Brisk Rifle Engagement.

London, May 11.—Gen. Hutton's mounted infantry brigade, including the Canadians, with a part of Gen. French's cavalry, crossed the Zand river Tuesday and began to work its way cautiously along the railway northward in the track of the retreating Boers. About 8,000 horsemen probably were engaged in this advance. Gen. Hutton, before he was joined by a part of Gen. French's force, had a sharp fight. This was on Monday, when he reached the river and saw the Boer convoys on the other side and pressed forward, intending to cross and capture them. The Boers, however, opened fire with ten guns, forcing the river above and below, seemingly in thousands, and sought to envelop the British. Gen. Hutton fell back several miles, the Boers following until only British cavalry re-enforced Hutton. During the night the Boers retreated, not further contesting the crossing. Lord Roberts, according to one correspondent, left Smaldeal Tuesday to consult one of the Hamiltons fifteen miles distance.

The Boer attack on Gen. Hutton does not indicate any such panicky conditions as have been alleged to exist among them. Nevertheless the British advance rolls on steadily. Gen. Broadwood and Gen. Bruce Hamilton have penetrated fifteen miles beyond Winburg. According to Boer advices, sharp skirmishes are of daily occurrence and there was a brisk rifle engagement outside Winburg Saturday. From Boer sources comes also the report that in a skirmish outside Mafeking May 5 Col. Baden-Powell was slightly wounded. It is announced in a special dispatch from Lourenzo Marquez that the government of the Orange Free State has been moved from Kroonstad to Heilbron. The Transvaal volksraad adopted resolutions Tuesday expressing indignation at the British for not conducting the war in a civilized manner, for killing wounded Boers with lances, for using armed Kaffirs under British officers and for ill treating prisoners. A dispatch to a semi-official source in Pretoria says: "The European powers have delivered a collective note to President Kruger informing him that they will hold him personally responsible for the safety of the mines and will support England in enforcing compensation in the event of their destruction."

Crazed by the Loss of \$3.40.
New York, May 10.—Because he had lost \$3.40 Robert Wetzel attempted suicide by jumping from the Brooklyn bridge. For six years he has supported his parents and their other two children. When his mother asked him for money with which to buy food for the day he took out his pocketbook with the intention of giving her \$4, which he had placed there. To his amazement Wetzel found that it was empty. In his pocket there was 60 cents in change. "I will find the money," he told his mother; "you shall not starve while I live." There is some chance of his recovery. His most dangerous injury is concussion of the brain. One rib is broken.

Clerk Morton's Body Found.
St. Louis, Mo., May 10.—The body of Charles Morton, clerk of the Southern hotel, and for ten years clerk at the old Grand Pacific hotel, Chicago, was found in the Regent hotel here. Morton resigned his position last Friday night. In letters written to J. Francis Riddle, attorney, and Secretary Cudner of the Royal Arcanum, Chicago, he said that he intended to commit suicide. From evidence found in the room where the body of Morton was found he committed suicide by taking carbolic acid. Morton had periods of depression after the death of his wife four years ago.

FEAR THE DISTRICT PLAN.

Conservative Methodists Oppose Approach to Diocesan Rule.

Chicago, May 10.—Bishops Mallalieu and Foss presided at the business session Wednesday. Among the important work was the consideration of a report by the commission on organic law of the church. Next came the quadrennial reports of Bishops Hartzell of Africa and Thoburn of India. Bishop Thoburn announced his retirement from the field for a year. Meetings were held by committees on Book Concern, missions, church extension, Sunday school and tracts, Freedman's Aid society, and education. The evening was set apart to a lecture by Mrs. Maud Ballington Booth at the Auditorium.

The episcopacy committee, which is now looked for to the sensations of the general conference, held an excited discussion without touching on the matter of great moment—the retirement and election of bishops. The proposition before the committee aimed to introduce the districting of bishops for four years. The conservative members arose in alarm at this approach to the diocesan form of government. After an hour of sharp debate the committee adjourned with the question still pending. If the committee fulfills the instruction of the general conference it must decide in its one remaining meeting. Thursday the number of bishops it will recommend to be appointed so that it can report on Saturday. The discussion of the day turned on the recommendation of the subcommittee that the board of bishops should divide the annual conference into districts, each district to be presided over by the bishop who should be assigned to it for four years, the bishop being held responsible for his district. In the addresses that followed bishops were criticised, fears were expressed that one district could not endure the same bishop for four consecutive years, ministers and laymen proposed and opposed overturning the tradition of the church in regard to the itinerant bishop.

The Rev. Jacob B. Graw characterized the diocesan plan as "the castoff millinery of other denominations." E. L. Rader said: "I know a bishop who has driven a man out of his pulpit, out of the church, and I fear, out of the way of God. It would not be well that the bishops should have the same districts for four years. Our safety is in change."

The Rev. A. B. Leonard said: "I do not know a bishop in Methodism to whom I would care to trust myself year after year." The Rev. Albert J. Wallace told of the difficulties of the Pacific coast in getting a bishop. "We cannot get a bishop west of the Rocky mountains without paying his expenses for thousands of miles," he said, "and when we recently wanted one there was none to be had."

T. Aid Suffing Method.

Chicago, May 10.—When the large clock in the board of trade Wednesday afternoon indicated the hour of 1:30 the brokers directed their attention to helping the famine sufferers of India. A carload of corn, containing some 90,000 pounds, contributed by the people of Waverly, Kan., was taken up by the board of trade people and sold to the highest bidder, the proceeds to be turned over to the relief fund for India famine sufferers. Secretary Stone of the board of trade was the chief auctioneer. The buyers returned the corn to the auctioneer, who offered it to the other bidders, until it had been sold over and over again.

Shoots a Woman in a Hotel.

Collinsville, Ill., May 10.—Mrs. Sloot, a magnetic healer living here, was shot by J. L. Bassett of Vandalia, Ill. Mystery surrounds the shooting. Bassett went to the Commercial hotel with a man named Williamson and registered there. About midnight the two went to Mrs. Sloot's room. A little later the shooting occurred. Mrs. Sloot was wounded in one arm. The men were arrested. Bassett is a son of Dr. Bassett of Vandalia.

Sioux Chief Joins Church.

Sioux Falls, S. D., May 10.—Bishop O'Gorman, just returned from the Rosebud Indian agency, brings the news that he has baptized into the Catholic faith the fierce old Sioux chief, Two Strikes. The chief is 81 years old, and in his day scalped many a white man. He was one of a class of 150 to receive the sacrament.

Mrs. N. J. Casey, of 109 Prairie Ave., says: "Doan's Kidney Pills proved better than any other medicines I took for my kidneys. These organs troubled me off and on for some years. Backache was the chief symptom and often caused me to suffer severely. I tried a number of remedies but continued to grow worse instead of better. I was finally persuaded to try Doan's Kidney Pills and procured a box at the Peoples' Drug Co's. store. I only took them a few days when I felt better. Should there be any recurrence of my trouble I now know what to use."

YATES FOR GOVERNOR.

Illinois Republicans Name Him to Lead State Ticket.

Peoria, May 10.—The Republicans nominated Richard Yates for governor on the fourth ballot. The decisive vote was as follows:

Fourth ballot: Yates, 927; Reeves, 610. Totals as given by the secretary: Yates, 971; Reeves, 566.

The nomination was made unanimous.

Forty years ago to-day Richard Yates, father of the man named to-day was nominated for governor of Illinois.

The first ballot for governor was completed by the Republican state convention at 12:10 o'clock. It resulted in no choice. The four candidates received the following vote: Elbridge Haney of Chicago, 573½; Orrin N. Carter of Chicago, 359½; Walter Reeves of Streator, 331½; Richard Yates of Jacksonville, 272½. It requires 769 votes to nominate.

Result of second ballot: Reeves, 410; Haney, 529; Carter, 322; Yates, 276. Reeves gained 78½ votes, Haney lost 43½.

The third ballot showed no choice, but Yates made such great gains that the Carter-Reeves managers feared a stampede. Hertz threw his ward to Reeves.

Lorimer transferred his votes to Yates. Before the result of the roll call could be announced the delegates on both sides left their seats and crowded to the platform, cheering for Yates and Reeves. Haney and Carter were forgotten.

The report of the permanent organization committee was unanimously adopted. It is as follows: For permanent chairman, former Gov. Joseph W. Fifer; for secretary, Charles Wathier of Chicago; for assistant secretaries, Charles T. Cherry, Kendall county; E. J. Brundage, Chicago; Charles E. Selby, Sangamon county; David E. Shanahan, Chicago; C. T. Cooper, St. Clair county. Temporary Chairman Dawes then introduced Permanent Chairman Fifer and handed him the gavel amid prolonged cheering.

"We are on the verge of a great contest to organize the beginning of victory," said Chairman Fifer, "under the leadership of that commanding statesman, William McKinley. We await with confidence the result in November. I wish and urge upon you the importance of this state election, for upon the result of that election depends the political complexion of Illinois. If we do not succeed, that able leader, Shelby M. Cullom, may be succeeded by a Democrat."

The nominations for the other offices resulted as follows:

Lieutenant-Governor—W. A. Northcott of Bond.

Secretary of State—James A. Rose of Pope.

Auditor of State—J. S. McCullough of Champaign.

Treasurer—M. O. Williamson of Knox.

Attorney-General—H. J. Hamlin of Shelby.

Trustees of State University—Mrs. Carrie Thomas Alexander of St. Clair, Samuel A. Bulard of Sangamon, Alexander McClean of McDonough.

Electors-at-Large—John H. Herbert of Jackson, H. D. Pierce of Cook.

Delegates-at-Large to the National Convention—Joseph G. Cannon of Vermilion, John J. Brown of Fayette, Hale D. Judson of Kane, John M. Smyth of Cook.

A bomb was sprung in the form of Boer resolutions by Miles Kehoe. Tumult and cries of "No, no," followed and continued for several minutes.

"Sit down," was the cry that reverberated beneath the low ceilings of the wigwam. Fifer then ruled that the new resolution was not germane, and it was offered as an independent resolution. Then Kehoe revised his statement to the extent of saying it was an amendment. M. B. Madden moved to lay on the table. While Kehoe shouted, Chairman Fifer put the question, and it was carried by a prolonged roar of "ayes."

Abducted Girl Is Found.

Laporte, Ind., May 10.—Miss Ida Higgins of this city, mysteriously disappeared last Saturday. The officers began a search which resulted in Miss Higgins' being found last night in Chicago. She is mentally unbalanced, and her condition is pitiable. Evidence has come to light that she was abducted and that the brutal treatment to which she was subjected dethroned her reason. An effort will be made to bring the guilty persons to justice.

Sloan Captures Big Stake.

London, May 10.—The Chester cup of 3,350 sovereigns, run today at the Chester meeting, was won by C. A. Brown's Rough Side, ridden by Sloan. The duke of Portland's Manners and Lord Carnarvon's Baldr finished second and third respectively. Fourteen horses ran, on the old cup course, nearly two miles and a quarter.

Howard Goes To Surrender.

London, Ky., May 10.—Jim Howard, the man accused of firing the shot that killed William Goebel, came in this morning from his home in Clay county, and took the 10 a. m. train at this place for Frankfort, where he goes to surrender himself to the authorities. Howard says he will have no trouble in proving his innocence.

DOES COFFEE AGREE WITH YOU?

If not, drink Grain-O—made from pure grains. As Dr. Williams writes: "I made Grain-O and did not like it at first, but after using it for one week nothing would induce me to go back to coffee. It nourishes and feeds the system. The children can drink it freely with great benefit. It is a strengthening substance of pure grains. Get a package today from your grocer, follow the directions in making it and you will have a delicious and healthful table beverage for old and young. 15c. and 25c."
